**Day Ride – Sunday 17<sup>th</sup> January, 2010**

**You take the high road...**

*Geoff is having conniptions about leading this ride! It's not that Bec has given him a leave pass. It's not that he's leading on his new 650. It's not even that he's taking us on great roads with the probability of good weather. It's that he can now go OFF ROAD! He says that if there's enough riders interested in a dirt (yes, apparently some motorbikes can still function even when they're not on bitumen) alternative he'll split the ride, and eat his hat (all of that stirring about on-road-off-road bikes is coming back to haunt him). So as we travel from Diamond Creek up through Arthurs Creek and Strathewen to Kinglake for lunch keep a look out for the ride to be split at Strathewen, and for Geoff to surrender to the dark dirt side...*

*We will finish up at Yarra Glen at around 2.00pm.*
