Day Ride #192 – Friday 12th march, 2010

The Wally of Walhalla

Not that we often own up to being less than perfect, but Scotty has no choice after forgetting he was the leader of the ride. Luckily when he went on the hunt for the responsible person not submitting a flyer, he only had to spank himself....

So after labelling himself a 'Wally' for forgetting, Walhalla seemed the perfect place to make amends for his oversight.

We will leave from Narre Warren and will make our way south and north with the Neerim South area in mind for morning tea. Lunch will be at the Walhalla hotel. The ride home will make its way back to the Yarra junction area.
